Professional Summary

Software Engineer with 3+ years of experience specializing in backend development with Java and Spring Boot. Proficient in designing and maintaining RESTful APIs and working with relational databases, including PostgreSQL and MySQL. Combines hands-on development expertise with direct experience supporting FinTech clients, and is eager to contribute to building reliable financial connectivity solutions and data transfer systems.

Experience

Full-Stack Developer - Freelance via Upwork

Jul 2022 - Mar 2025

Engineered and maintained robust backend services and RESTful APIs using Java and Spring Boot. Architected and managed scalable relational database solutions, primarily with PostgreSQL and MySQL, ensuring data integrity and performance. Collaborated within an agile framework to design, develop, and deploy full-stack SaaS applications. Optimized existing codebases for improved performance and scalability, aligning with principles of continuous improvement.

Technical Support Advocate - Foundever (BPO)

Jan 2023 - Apr 2025

Gained deep domain knowledge in the FinTech industry by providing technical support for clients like Block Inc., troubleshooting complex issues with POS systems and SaaS platforms. Assisted clients with API integrations and resolved technical challenges related to financial data transfer, developing a strong understanding of critical financial communication protocols.

Full-Stack Developer - Alpha and Omega MedTech

Jun 2021 - Sep 2022

Developed and maintained core backend APIs using Java and Spring Boot to support critical application features. Managed and queried relational databases (MySQL) to ensure efficient data storage and retrieval. Collaborated with cross-functional teams and product owners to design and ship new features, contributing to a 5.6% increase in user conversion through technical enhancements.

Digital Specialist Intern - Alpha and Omega MedTech

Feb 2021 - May 2021

Executed digital marketing campaigns, managed content, and optimized ads across platforms.

Skills
